DIT Group Limited

(Stock code: 726. HK)

The contracted sales of DIT Group surged by 119% in 2021

(19 January 2022, Hong Kong) **DIT Group Limited** (“DIT” or the “Group”, SEHK stock code: 726), an innovative high-tech company specializing businesses in the whole value chain of prefabricated construction (“PC”) in the People’s Republic of China (“PRC”), is pleased to announce that the Group has a significant improvement in its operating results in 2021. The Group’s contracted sales increased by approximately 119% from approximately RMB2.601 billion for the year ended 31 December 2020 to approximately RMB4.669 billion for the year ended 31 December 2021.

	For the year ended 31 Dec		YoY Increase
	2020	2021	
Contracted sales (RMB bn)	2.601	4.669	119%
PC units and products			
- Contracted sales (RMB bn)	1.434	2.501	74%
- Production volume (m ³)	307,000	430,300	40%
- Sales volume (m ³)	313,900	416,600	33%

The growth in contracted sales, production volume and sales volume is mainly attributed to an increasing demand in the prefabricated construction industry driven by the accelerated implementation of carbon neutrality policy across the country, the rapid rise in the production capacity of the Group’s PC components and better economies of scale, as well as the excellent business service ability in the whole industry chain and brand advantages that have been continuously recognized by the market and customers.

DIT Group’s chief executive officer and executive director Guo Weiqiang said, “We are confident in the prefabricated construction industry in China, which is greatly supported by the central government. It is expected that the development scale of prefabricated construction industry in China will continue its rapid growth. In line with the government’s strategic goal of carbon neutrality, we actively promoted prefabricated construction technology that can reduce carbon emissions from construction activities, accelerated the green transformation and upgrading of the construction industry and practiced sustainable development, striving to become a provider of integrated smart building solutions.”
