DIT Group Limited

(Stock code: 726. HK)

DIT's PC factory in Huizhou received the certificate of "Quality Scheme for the Production and Supply of Concrete"

(8 April 2022, Hong Kong) **DIT Group Limited** ("DIT" or the "Group", SEHK stock code: 726), an innovative high-tech company specializing businesses in the whole value chain of prefabricated construction ("PC") in the People's Republic of China ("PRC"), is pleased to announce that on 30 March, Huizhou Zhuyou Intelligent Manufacturing Technology Co., Ltd., the Group's PC factory in Huizhou received the certificate of "Quality Scheme for the Production and Supply of Concrete" ("QSPSC") for the manufacture of design, production and supply of ready mixed concrete issued by the Hong Kong Quality Assurance Agency ("HKQAA").

QSPSC is one of the Product Certification Schemes administered by HKQAA. Organizations must undergo strict examinations and their selected concrete sample must be subject to testing carried out by accredited laboratories for verification of compliance to the specification as a condition for granting certificate. There are significant processes under QSPSC, such as planning to meet quality requirements including basis of supply, quality requirements, concrete mixes, design mixes and environmental impact, production including quality control of purchased materials, production control and environmental impact control, product quality control, training, trial mix, review of quality system, and maintaining records to permit traceability of raw materials, concrete and tests on both.

Upon obtaining the QSPSC certification, the Group's Huizhou factory can fulfill Hong Kong government contractual requirement, as well as demonstrate capability to deliver up-to-standard concrete and differentiate concrete production facilities that have been assessed by the authoritative certification body in the prefabricated construction industry. In the future, PC components produced by Huizhou factory can be directly supplied to Hong Kong, which allows the Group to participate in more construction projects, further increasing its market share.

DIT Group's chairman and executive director Liu Weixing said, "It is grateful that the Group received the certificate of QSPSC, in recognition of our achievements in prefabricated construction and our outstanding quality in design, production and supply of concrete. We will continue to strive for excellence and devote to develop and enhance our PC components, as well as manufacturing and assembly workshops to reach an industry-leading level."
