DIT Group and Glodon sign agreement over cooperation in business promotion

(2 August 2022, Hong Kong) **DIT Group Limited** (“DIT Group” or the “Group”, SEHK stock code: 726), an innovative high-tech company specializing in businesses in the whole value chain of prefabricated construction (“PC”) in the People’s Republic of China (“PRC”), is pleased to announce that it signed an agreement with Glodon Company Limited (“Glodon”, SZSE stock code: 002410) on 28 July over cooperation in business promotion.

Yu Dayou, Chief Technology Officer of DIT Group, Jiang Zhiguo, General Manager of DIT Investment Company, and Yang Junhong, Deputy General Manager of DIT Investment Company, Zhu Xiaoyu, Assistant President of Glodon and General Manager of Innovation Center of Glodon, and Li Zhi, General Manager of the Hunan Branch of Glodon, attended the signing ceremony. Under the agreement over cooperation in business promotion, the two companies aim at exploring thoroughly the possibility of conducting digital transformation of the construction industry by leveraging their unique advantages in their respective fields. They will jointly promote the development of the information technology for the industry and further the application of refined project management, thus facilitating the adoption of advanced technologies and the digitalization of the construction industry. Subsequently, the two companies will have comprehensive discussions on the integration of resources, future directions, and mode of cooperation regarding their products and services.

DIT Group's chief executive officer and executive director Guo Weiqiang said, "The agreement between Glodon and us over our cooperation in business promotion is another milestone after DIT Group and Glodon officially commenced their strategic cooperation. It marks a new stage in our cooperation with Glodon in inclusive development. With our advantages in prefabricated construction and Glodon's in-depth understanding of the customers and the industry's needs, we will work together towards the goal of achieving mutually beneficial development through the alliance of two strong companies with complementary advantages and on the basis of equality. We will firmly grasp the opportunity in the rapid development in the era of smart construction and give full play to our respective capabilities, thus jointly contributing to the digital transformation and development of the construction industry."
